DUO MAX DIAMOND BLADE (FORMERLY X20)

The EVO Diamond Duo Max Diamond Blade is a professional long-life performance diamond blade suitable for asphalt, specially designed for use in a twin blade floorsaw application. The technology used in this blade allows the blade to cut fast and free in all types of asphalt and asphalt over concrete.

For ultimate cutting performance, pair the Duo Max diamond blades with a twin-cutter floor saw!

Key Features

- Manufactured to: ISO and EN13236
- 12mm diamond segment for ultimate safety and length of life
- Ideal for continuous use in asphalt over concrete
- Undercut protection
- Self cooling holes
- 20,000 cuts
