

Product Name:

T-MATTING MK4

Product Codes:

BF01005

BF01004

T-Matting is a new and unique innovation, designed specifically for 'Narrow' and 'Micro' trenching applications, exclusive to CID and has been developed in conjunction with contractors, local authorities and network providers around the UK.

MK4 Key Features

- 240mm width with 65mm x 20mm T-Piece
- Ideal for foam concrete back fill
- New anti-skid technology
- Available in 2m or 3m lengths
- Flexible enough to follow the undulations of the pavement
- Made from 100% recyclable material
- T Matting to be used as temporary cover once trench is backfilled and awaiting reinstatement
- Footways can remain open so it provides minimal disruption to the public
- Protects against water ingress, depressions and shrinkage further down the line
- Highly visible for additional public safety
- Tested to BS7976 slip test

Available in:

or any Pantone provided (MOQ's apply)

50m x 2m length per pallet.

**This is not a bridging device and should always be used with support of ground.*
