## GIANT GB170 SAFETY BOOT

**SC00150, SC00151, SC00152, SC00153, SC00154, SC00155, SC00156**

The Giant GB170 Safety Boot features an increased sole strength (300°C sole) which ensures a longer life and has an increased grip design to prevent slips on site, meaning this safety boot is ideal for use by surfacing contractors.

The Giant GB170 is made out of a smooth black leather with a sturdy TPU scuff cap to prevent wear. The GB170 Safety Boot is also both heat and oil resistant, and confirms to European standards.

### Key Features
